

Cargospot^{neo} Airline

Highly modular and cost effective

Cargospot^{neo} Airline is the most widely used, sophisticated and comprehensive cargo management system providing carriers with complete end-to-end control over the sale, operation and management of cargo.

Functionally rich and addressing the total air cargo cycle, Cargospot is highly modular and cost-effective, integrating the processing of all cargo-related business activities.

Designed by cargo people for cargo people, Cargospot^{neo} Airline is easy to learn and use, offering intuitive screens and customized configurations to best suit a carrier's operational and commercial needs.

Cargospot^{neo} Airline benefits from continuous improvement based on an industry and community centric approach. The significant Cargospot client base forms the basis for cost-effective, proactive enhancements delivered within a robust release process.

Cargospot is a hosted service suitable for carriers of all sizes.
